Other Milestones

Chapter has been promoting 5G Technology by conducting **Workshop Series on 5G** since 2014. Two events are conducted each year.

Launch of ComSoc Bangalore-India Newsletter

Formation of **ISCAT (IEEE Smart City Advisory Team)**
Collaborating with Local Govt. in building smart city.
ComSoc leads the event.

Nomination of our experts for **Global Award**

Formation of **Local Experts** for **Local DLs (>22 currently in data base)**. Avg 3-4 talks/month

Research Methodology **Workshop Series** Event Started
(2-3 events every year)

Proposal accepted at IEEE for **standard development**
Ex. Roof Computing, PLC Standard test bed

Planning for 2018 and in Future

- ▶ Bangalore will be hosting **5G Learning Series -Tutorial(Apr-May)**, an initiative by ComSoc
- ▶ A proposal for creating **5G Conference** has been recently agreed by 5G Initiative Education CoChairs. The detail plan is being formed.
- ▶ To continue **industry engagement** like events hosted by Nokia, Avaya/Extreme Network. Explore another..
- ▶ Proposal is underway for **Smart City Summer School**, possibly at Amrita School of Engineering Student Branch.
- ▶ A **DL request** in the coming year.
- ▶ **Support request for 5G & Future Wireless Technologies (5G-FWT) International Workshop** in association with **IEEE ANTS** -<http://ants2017.ieee-comsoc-ants.org/workshops/5gfwf/>

Planning for 2018 and in Future ..

- At least 2-more **Student Branch Chapter** will come up
- Bangalore Chapter is planning to have **India Chapter Chair Congress** towards the 3rd Quarter of the year. In fact, last year we planned and few of us met, but could not follow up.
- Plan to reach 10-20% growth in professional membership.
- ComSoc Student Competition on Hardware based project (this year we conducted as open for all)

Thank You !
