Sweden Section

You and the Future – A vehicle for increasing Membership

- Ageing Phenomena
 - People are living longer.
 - The age distribution of the population is changing.
 - The proportion of retired persons is increasing
- IEEE – the right framework
 - IEEE is a leader in promoting scientific developments
 - IEEE membership includes retired professionals = intellectual capital available
 - Communications is a main player
- Sweden – the right location
 - Life expectation in Sweden is increasing
 - Sweden has a high Broadband penetration
 - Democracy is well implemented
 - ICT is quite developed
