THE COMMUNICATIONS SOCIETY (COMSOC)
of
THE INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS, INC.
and
COMMUNICATIONS AND INFORMATION SOCIETY (CCIS)

Publications Side Agreement

1. CCIS Promotion in ComSoc

1.1 The IEEE Communications Society (ComSoc) may consider for review the republication of at least one technical article, previously published in CCIS journal or magazine, but not already in the IEEE Xplore repository. ComSoc will consider no more than two such articles in a calendar year. A CCIS officer will manage the preparation of these articles, submitting them to the magazine Editor in Chief, who will then work in collaboration with the ComSoc Director of Magazines.

The paper may be subject to independent ComSoc refereed review and shall be: considered only with approval of the author's consent; shall be consistent with IEEE copyright policies; and be consistent with the then-current IEEE Publications and Services and Products operations. If republished in a ComSoc magazine, it shall be tagged as a republished article, including mention of at least the CCIS journal or magazine’s name, volume, issue, and date. In all cases, this shall be viewed as an exceptional situation, and the ComSoc Editor in Chief’s decision is final. These articles will be prepared in English prior to submission to ComSoc.

1.2. Activities of CCIS will be promoted in ComSoc's IEEE Communications Magazine using a half or one page advertisement prepared by CCIS describing the Organization and its programs.

1.3. The CCIS advertisement will appear annually in IEEE Communications Magazine—no later than the third quarter of every year for the duration of this agreement; publication date will be mutually agreed upon six months prior to publication, and submission is subject to appropriate publication schedules.

1.4. ComSoc will display the advertisement on its web server and replace the advertisement with an annual update from CCIS; a link will be provided to the CCIS home page. Approval of the advertisement shall be at the discretion of IEEE ComSoc.

1.5. ComSoc will display one copy of each CCIS journal and magazine at its ICC and GLOBECOM conferences, and will distribute subscription forms and calls for papers as provided by CCIS. One current copy of each CCIS publication will be air shipped to ComSoc for this purpose.

2. ComSoc Promotion in CCIS

2.1. CCIS will yearly review for publication at least one article previously published in a ComSoc journal or magazine. CCIS will consider for publication no more than two such articles per given year, consistent with IEEE, ComSoc/CCIS copyright and related operations guidelines. ComSoc’s Director of Journals or Director of Magazines will manage or oversee preparation of these articles, submitting them to the Editorial Board Director of CCIS for consideration in the appropriate CCIS journal or magazine.

ComSoc will submit these in English; CCIS will determine whether to translate them into the local language for publication.
2.2 ComSoc publications will be promoted in a CCIS magazine or journal using a half or one-page ad prepared by ComSoc describing the Communications Society, its sister-society relationship with CCIS, and ComSoc magazines and journals.

2.3 The annual advertisement will appear in CCIS's magazine(s) no later than the third quarter of every year; the publication date will be mutually agreed upon at least six months in advance.

2.4 CCIS will display the advertisement on its web server and replace the advertisement with an annual update from ComSoc; a link will be provided to the ComSoc home page.

2.5. CCIS will display one copy of each of ComSoc's magazines and journals at major CCIS conferences and meetings, and will distribute subscription forms and appropriate ComSoc calls for papers. One current copy of each publication will be air shipped to CCIS for this purpose.

2.6. CCIS will offer the following ComSoc's periodicals -- magazines, transactions, and journals - in annual subscription promotions associated with membership renewals at ComSoc current member subscription rates.

IEEE Transactions on Communications
IEEE Journal on Selected Areas in Communications (JSAC)
IEEE Communications Letters
IEEE Communications Magazine
