THE COMMUNICATIONS SOCIETY (COMSOC)
of
THE INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS, INC.
and
SOCIETE DE L' ELECTRICITE, DE L' ELECTRONIQUE ET DES TECHNOLOGIES DE
L' INFORMATION ET DE LA COMMUNICATION (SEE)

Publications Side Agreement

1. SEE Promotion in ComSoc
   1.1 The IEEE Communications Society (ComSoc) may consider for review the republication of at
   least one technical article, previously published in SEE journal or magazine, but not already
   in the IEEE Xplore repository. ComSoc will consider no more than two such articles in a
   calendar year. A SEE officer will manage the preparation of these articles, submitting them to
   the magazine Editor in Chief, who will then work in collaboration with the ComSoc Director
   of Magazines.

   The paper may be subject to independent ComSoc refereed review and shall be: considered
   only with approval of the author’s consent; shall be consistent with IEEE copyright policies;
   and be consistent with the then-current IEEE Publications and Services and Products
   operations. If republished in a ComSoc magazine, it shall be tagged as a republished article,
   including mention of at least the SEE journal or magazine’s name, volume, issue, and date. In
   all cases, this shall be viewed as an exceptional situation, and the ComSoc Editor in Chief’s
   decision is final. These articles will be prepared in English prior to submission to ComSoc.

   1.2 Activities of SEE will be promoted in ComSoc’s IEEE Communications Magazine using a
   half or one page advertisement prepared by SEE describing the Organization and its
   programs.

   1.3 The SEE advertisement will appear annually in IEEE Communications Magazine – no later
   than the third quarter of every year for the duration of this agreement; publication date will be
   mutually agreed upon six months prior to publication, and submission is subject to
   appropriate publication schedules.

   1.4 ComSoc will display the advertisement on its web server and replace the advertisement with
   an annual update from SEE; a link will be provided to the SEE home page. Approval of the
   advertisement shall be at the discretion of IEEE ComSoc.

   1.5 ComSoc will display one copy of each SEE journal and magazine at its ICC and
   GLOBECOM conferences, and will distribute subscription forms and calls for papers as
   provided by SEE. One current copy of each SEE publication will be air shipped to ComSoc
   for this purpose.

2. ComSoc Promotion in SEE
   2.1 SEE will yearly review for publication at least one article previously published in a ComSoc
   journal or magazine. SEE will consider for publication no more than two such articles per
   given year, consistent with IEEE, ComSoc/SEE copyright and related operations guidelines.
   ComSoc’s Director of Journals or Director of Magazines will manage or oversee preparation
   of these articles, submitting them to the Editorial Board Director of SEE for consideration in
   the appropriate SEE journal or magazine.

   ComSoc will submit these in English; SEE will determine whether to translate them into the
   local language for publication.
2.2 ComSoc publications will be promoted in a SEE magazine or journal using a half or one-page ad prepared by ComSoc describing the Communications Society, its sister-society relationship with SEE, and ComSoc magazines and journals.

2.3 The annual advertisement will appear in SEE’s magazine(s) no later than the third quarter of every year; the publication date will be mutually agreed upon at least six months in advance.

2.4 SEE will display the advertisement on its web server and replace the advertisement with an annual update from ComSoc; a link will be provided to the ComSoc home page.

2.5 SEE will display one copy of each of ComSoc’s magazines and journals at major SEE conferences and meetings, and will distribute subscription forms and appropriate ComSoc calls for papers. One current copy of each publication will be air shipped to SEE for this purpose.

2.6 SEE will offer the following ComSoc’s periodicals — magazines, transactions, and journals — in annual subscription promotions associated with membership renewals at ComSoc current member subscription rates.

IEEE Transactions on Communications
IEEE Journal on Selected Areas in Communications (JSAC)
IEEE Communications Letters
IEEE Communications Magazine
IEEE Network Magazine
IEEE Wireless Communications Magazine

Current ComSoc periodical rates can be found at www.comsoc.org, specifically under Publications/Subscribe/IEEE Communications Society Member.

2.7 ComSoc will offer SEE magazines, transactions and journals in annual subscription promotions associated with membership renewals. The annual ComSoc member subscription rates for SEE magazines and journals shall be established each year.

3. General Considerations

3.1 The above sister-society publication promotions will be implemented at no charge to either Society.

3.2 All publications, papers and promotions will be in the English language, except for sections 1.5 and 2.1 (above).

3.3 This side agreement is subject to stipulations in the Cooperation Agreement between SEE and ComSoc (Section III: A – F).

Please indicate concurrence by returning one fully executed letter.
