

ComSoc Technology News now available on iPhone

iPhone application for **ComSoc Technology News (CTN)** is now available from the [ComSoc iPhone App](#).

Some of you may have read our blog "[Students Develop App for ComSoc](#)" and "[They did it again! This time - ComSoc Android App.](#)" and here is the latest contribution from the same incredible team.

Led by Prof. James Won-Ki Hong, the team with students Yoonseon Han and Yeongrak Choi from Pohang University of Science and Technology (POSTECH) Korea, developed and provided an iPhone application for [ComSoc Technology News \(CTN\)](#) with iOS devices such as the iPhone, iPad or iPod Touch.

In 2011, they developed ComSoc app for iOS and android to provide useful online content to members. They extended the previous app to provide [CTN](#).

ComSoc Technology News (CTN) is an online publication that periodically provides the summaries of interesting, timely, and newsworthy papers and articles from ComSoc journals, magazines, and conference proceedings and other IEEE publications. ComSoc Technology News Website: <http://www.comsoc.org/ctn>

The App can be downloaded from the iTunes store for free. Simply search for the keyword "**ComSoc**." If you already have ComSoc app, just update the app in the [App Store](#) with new version to access CTN.

iTunes store URL: <http://itunes.apple.com/us/app/comsoc/id413046307>

The team plans to extend ComSoc app for Android to provide [CTN](#). It will be available soon.

If you have any comments or suggestions for improvements, please contact Yoonseon Han(seon054 [at] postech [dot] ac [dot] kr)
