

## Free Webinar Open for Registration: LTE-Advanced Modems Coming to Life

When it comes to LTE/LTE-A modem development, achieving standard compliance is a key requirement. Planning for an integrated verification and testing flow from concept to implementation is mandatory to avoid late-minute surprises.

IEEE Communications Society will be hosting a free live webinar on LTE-A on **November 8, 2012 at 11:00 AM Eastern, 8:00 AM Pacific, 4:00 PM UK, 5:00 PM Western Europe, 4:00 PM GMT**. It's sponsored by [Synopsys](#) and [Rohde&Schwarz](#).

The webinar will explain the steps that need to be taken at the different stages of the design process, and how these steps can be integrated into a complete design and verification flow.

[Registration site is now open. Reserve your seat now.](#)

The poster is a vertical rectangle with a dark red background. At the top left is the IEEE ComSoc logo and the word 'WEBINAR' in white. Below this, on the left side, is a red box with 'LTE-A' in white, and further down, the word 'PRESENTERS' is written vertically in large, bold, yellow letters. To the right of the vertical text are four small headshots of the speakers, each followed by their name and title in white and yellow text. The moderator, Stan Moyer, is at the top right. Below him are the three presenters: Dr. Vafa Ghazi-Moghadam, Simon Ache, and Charles Sturman.

IEEE COMSOC  
**WEBINAR**

**LTE-A**

**PRESENTERS**

**MODERATOR:**  
**STAN MOYER,**  
DIRECTOR, INDUSTRY RELATIONS, IEEE COMMUNICATIONS SOCIETY

**DR. VAFA GHAZI-MOGHADAM,**  
R&D ENGINEER, SYNOPSYS

**SIMON ACHE,**  
PRODUCT MANAGER, ROHDE&SCHWARZ

**CHARLES STURMAN,**  
U-BLOX

**Webinar:**

**LTE-Advanced Modems Coming to Life: From Simulation to Practical Implementation, Testing and Verification**

**Moderator:**

Stan Moyer, IEEE Communications Society

**Presenters:**

Dr. Vata Ghazi-Moghadam, R&D Engineer, Synopsys

Simon Ache, Product Manager, Rohde&Schwartz

Charles Sturman, u-blox

This webinar is supported by:

Synopsys

Rohde&Schwarz
