

January Virtual Intensive Course on Wireless Communications Engineering Sold Out

[IEEE ComSoc Training](#) offers continuing education for Communications Professionals. For the second consecutive time the [5-day Virtual Intensive Course on Wireless Communications Engineering](#) has been offered, it's been sold out.

Due to high demand from all around the world, **21-25 March course is now open for registration**. Early registration is recommended to secure the seats. It saves you US \$100 as well.

According to Marilyn Catis, Project Manager of the IEEE WCET Certification Program & Training, the course is scheduled just in time for anyone sitting for the IEEE wireless certification exam and would like a refresher or boost in helping them prepare to take the exam.

[Click here to register for the March 5-Day course or just check out the details.](#)

An in-person one day course on "Practical Wireless Communications Engineering" is also available at two upcoming conferences:

IWCE, Las Vegas Convention Center, Las Vegas, NV USA, 7 March 2011

Instructor: Luis Blanco

Early Bird Registration ends 4 February 2011

Onsite registration available.

IEEE INFOCOM, Shanghai, China 15, April 2011

Instructor: Javan Erfanian

Early Bird Registration ends 18 March 2011

Onsite registration available
