

Call for Papers

◆ FEATURES

PAPER TOPICS	PUBLICATION DATE	MANUSCRIPT DUE DATE
Telecommunications Standards	March 2013	August 31, 2012
Smart Cities	June 2013	September 10, 2012
Interactive 3D Video Streaming	May 2013	October 1, 2012
Web-Based Communications	April 2013	October 20, 2012
IP-Based TV Technologies, Services and Multidisciplinary Applications	April 2013	November 1, 2012
Heterogeneous and Small Cell Networks (HetSNets)	May 2013	November 1, 2012
Future Carrier Networks	June 2013	November 30, 2012
Consumer Communications and Networking Series	June 2013	December 15, 2012
Quantum Communications: Research and Implementation Challenges	August 2013	February 15, 2013
Mobile Backhaul for Small Cells	September 2013	February 1, 2013
Monitoring and Troubleshooting Multi-domain Networks using Measurement Federations	November 2013	March 1, 2013
Cloud Networking and Communications	November 2013	April 15, 2013
Visible Light Communications — The Road to Standardization and Commercialization	December 2013	May 1, 2013
Advances in Network Planning	January 2014	June 1, 2013
Security in Wireless Multimedia Communications	March 2014	August 1, 2013
Smart Device-to-Smart Device Communications	April 2014	September 1, 2013

◆ SERIES

PAPER TOPICS	PUBLICATION DATE
Adhoc and Sensor Networks	Periodically
Automotive Networking Series	Periodically
Design and Implementation Series	Periodically
Integrated Circuits for Communications	Periodically
Military Communications	Every October
Network & Service Management Series	Periodically
Network Testing Series	Periodically
IEEE Optical Communications Quarterly Series in IEEE Communications Magazine	Quarterly
IEEE Radio Communications Quarterly Series in IEEE Communications Magazine	Quarterly
Standards Series	Periodically
