The IEEE Communications Surveys & Tutorials is a free online journal published by the IEEE Communications Society for tutorials and surveys covering all aspects of the communications field. The published articles appear in the IEEE Xplore Electronic Library and the IEEE ComSoc Digital Library. Telecommunications technology is progressing at a rapid pace, and the IEEE Communications Society is committed to providing researchers and other professionals the information and tools to stay abreast. Whether you are searching for in-depth information about a familiar area or an introduction into a new area, Surveys & Tutorials aims to be your premier source of peer-reviewed, comprehensive tutorials and surveys, and pointers to further sources.

IEEE Communications Surveys & Tutorials features original articles . The original articles are exclusively written for IEEE Communications Surveys & Tutorials and go through a rigorous review process before their publication in the quarterly issues. Publishing tutorials and surveys enhance your professional stature by demonstrating your expertise when it comes to given topics.
