

Technology News for IEEE Communications Letters

- [Cooperative Spectrum Sensing with Ternary Local Decisions](#)
- [Voronoi Tessellation Based Interpolation Method for Wi-Fi Radio Map Construction](#)
- [A General Framework for Performance Analysis of Space Shift Keying \(SSK\) Modulation in the Presence of Gaussian Imperfect Estimations](#)
- [An Analytical Energy Consumption Model for Packet Transfer over Wireless Links](#)
- [Sub-Carrier-Multiplexed Duplex 64-QAM Radio-Over-Fiber Transmission for Distributed Antennas](#)
