# Join IEEE and get Free Membership to the IEEE Communications Society

**FREE**  
**MEMBERSHIP OFFER**

**IEEE COMMUNICATIONS SOCIETY**

the Global Community of Communications Professionals

**Community. Connect.  
Communications.**

**Join IEEE. Get free 2013 membership to the IEEE  
Communications Society.**

IEEE - the world's largest professional association for the advancement of technology. As a member of IEEE, you'll be presented with new resources, valuable opportunities and many discounts that will help you advance your career in the right direction. IEEE has the means for you to remain technically current through award winning publications, and technical society such as ComSoc.

- Monthly issues of *IEEE Spectrum Magazine*.
- Access to IEEE memberNet – the IEEE member directory and professional network connecting members worldwide.
- Savings on conferences ranging from US\$300 - US\$1,500.
- Member-only programming at IEEE.tv

**IEEE Communications Society - a distinguished global community of communications professionals who are driving the cutting-edge technologies**. As a member of the IEEE Communications Society you will focus on keeping abreast of new and changing communications technologies: time-saving free online services and resources, professional networking, career awards and recognitions, continuing education and certification.

- Digital delivery of *IEEE Communications Magazine* and *ComSoc Community Directory*, monthly *ComSoc e-News* issues.
- Online access and services to industry resources and technical papers.
- Networking opportunities with communications experts around the world.
- Member only events and opportunities, discounts and offers.
- Awards, recognitions by peers.

**>>> Join Now!**

Note: This free introductory offer is for new members only. Not applicable for membership renewal. Offer expires on 15 August 2013.

---

### **IEEE e-Membership option for Developing Countries**

(IEEE dues only \$25.00\* now till 15 August. **Professional Membership only, not available for students**)

#### **e-Membership is a Paperless Membership Option**

It's more affordable. Less paper means less environmental impact too.

Members who join and select the e-Membership option will receive an electronic copy of their membership card and membership materials. All publications, including *IEEE Spectrum* magazine, *The Institute* and *Potentials*, will also be delivered digitally.

For eligible countries and more information: <http://www.ieee.org/emembership>

**>>> Join Now!**

\* Check e-Membership qualifying nations. <http://www.ieee.org/emembership>. Professional membership only. Not available for students. IEEE membership dues also carry a region-specific activity assessment to support locally sponsored member events, US \$2, \$2.50 or \$6.50 additional depending on where you live. This assessment is the same whether you choose electronic or traditional membership. During checkout, you will see the dollar amount that includes the US\$25 base dues plus the regional assessment.

**Note:** This free introductory offer is for new members only. Not applicable for membership renewal. Offer expires on 15 August 2013.
