

Back Issue

The **Back Issues** from inception are available for this publication through the new [ComSoc Digital Library](#). To get to the back issues, please go to <http://dl.comsoc.org/dl>.

- To get to a back issue, go to Content Type located on left column of the ComSoc DL.
- Browse your issue by clicking on the appropriate nodes. For example, to get to the December 2011 issue of IEEE Wireless Communications Letters , browse to
 - **Journals**
 - **IEEE Wireless Communications Letters**
 - **2011**
 - **December**
 - This will display all articles for that particular issue.
 - Note that you'll need a valid IEEE Account with the proper credentials to view articles of a certain publication

Please note that access to the PDF's depends on your membership and subscription status.

The full text is available to IEEE Communications Society Members who have the subscription or the Electronic Periodicals Package (on-line access only). If you are a new subscriber, you will need to create a [Create a IEEE Account](#).

Not a member or subscriber? By becoming a [ComSoc Member](#) and purchasing the [Electronic Periodicals Package](#), you can have full online access to all papers available in the ComSoc Digital Library
