

# Proposals – Group 2

## Scientific

1. For important local-regional conferences a DTL-like possibility exist for high ranked Invited Speakers (DTL-like: travel financed by ComSoc but no necessity of 3 chapters)
2. The possibility of organizing poster sessions should be investigated at GLC, ICC etc.
3. DLT tours on CD – but one sample should widely be spread.

# Proposal – Group 2

## Financial

1. In our region very low income countries exist (Belarus, Kenia as examples). Fees (IEEE and ComSoc) should take this into account in their case.
2. Professional travel grant should not be dropped (non uniform opinion: make available for average members)
