Distinguished Lecturers/Speakers Program

Distinguished Lectures online

Provided as a service to our local chapters, Distinguished Lecture Tours and individual Distinguished Speakers can be arranged in response to a request from one or more Chapter Chairs. They may also be initiated by Regional Directors, the Director – Membership Programs Development, or the Vice President – Member Relations. Although tours and individual lectures are organized to benefit existing members and Chapters, they can also be effective in generating membership and encouraging new chapter formation.

Lecture tours will be supported as the budget allows in each of our four Regions: Asia/Pacific, Europe-Africa-Middle-East, Latin America, and North America. The Director in each region plays a key role as facilitator.

For more information go to www.comsoc.org and “Membership” – under “Community” scroll to Distinguished Lecturers.

The image shows a screenshot of the IEEE Communications Society (ComSoc) website. A large purple arrow points to the 'ABOUT' link in the top navigation bar. Another purple arrow points to the 'MEMBERSHIP' link. A third purple arrow points to the 'Membership' dropdown menu, which is open, showing options like 'Join ComSoc', 'Members Benefits', 'Member Programs', 'Subscribe', 'Upgrade Your Membership', 'Chapters', 'Community Website', 'Recognitions', 'IEEE Awards', 'IEEE ComSoc Award', and 'JOIN IEEE COMSOC >>'. A fourth purple arrow points to the 'CHAPTERS' link. Below the navigation bar, there is a section titled 'ABOUT COMSOC' with a sub-header 'Inside IEEE Communications Society'. To the right of this section is a sidebar with a list of links: Advertising, Appointments to IEEE & Related Organizations, Awards, Boards, Board of Governors, Chapters, Committees, Councils, Distinguished Lecturers, IEEE Fellows, Member Programs, Nominations & Elections, Sister Societies, Society Documents, Staff, Technical Committees, and Vision and Mission. Below the sidebar is a map of the world showing the locations of IEEE Technical Chapters. The map is titled 'Chapter Regions' and includes a legend for 'Asia/Pacific Region', 'Europe, Middle-East, & Africa Region', 'Latin America Region', and 'North America Region'. The map shows a high density of chapters in North America and Europe, with fewer chapters in Latin America and Asia/Pacific. The map also includes a search bar and a 'Map/Satellite' toggle.

Home - Career - Free Tutorials Now

Each month, IEEE Communications provides a selection of FREE tutorials, thanks to our corporate sponsors. Their support enables us to provide these tutorials to you at no charge. A valuable opportunity for you to benefit from the expertise of presenters at IEEE Communications events.

IEEE Communications Society's Enhanced Conference Tutorial Program presents a collection of recent tutorials given at Communications Society sponsored conferences and from additional presenters. Each tutorial reviews current communications topics in network management and computer and wireless communications. Available tutorials, which are 2.5 to 5 hours in length, contain the original visuals and voice-over by the presenter.

Please see below for a listing and link of this month's FREE tutorials from IEEE Communications Society.
