IEEE ComSoc Frontier Networking Symposium (FNS)

IEEE ComSoc TEA Excellence Camp at Toronto

Co-located with
IEEE International Symposium on Personal, Indoor and
Mobile Radio Communications(PIMRC)

05 September 2023 // Westin Harbour Castle
Toronto, ON, Canada

The 2023 ComSoc Frontier Networking Symposium (FNS) will be held on September 5, the first day of IEEE PIMRC 2023 at the beautiful lakefront area of Toronto. The 2023 ComSoc FNS will provide premium networking opportunities, aiming to connect young professionals and students with distinguished speakers with worldwide reputations and industry leaders in telecommunications. In addition to world-class talks and panels, the 2023 ComSoc FNS plans abundant activities for students and young professionals to participate in, such as demonstrating their research and development projects, interacting with peers and influential researchers, competing for awards, drawing prizes, and connecting with academic and industry leaders.

Due to capacity restriction, the registration is by invitation. The attendees will receive a welcome package, enjoy a luncheon and coffee breaks at Westin Harbour Castle, and, more importantly, a rich full-day experience. IEEE ComSoc members will also receive a Certificate of Participation from IEEE ComSoc.

Symposium Tracks:

Track 1: Keynote Speeches

Track 2: Panel Discussions

Track 3: Student Project Demonstration/Competition

IMPORTANT dates for student project entry

Project Submission: 5 May 2023

Notification of Acceptance: 15 June 2023
