IEEE Students and Young Professionals Meeting – Opole '16

1st Symposium: Youngs, technology, industry

Achievements and activities plan 2017

- We have prepared a competition for the best master's and bachelor's thesis.
The competition will start this year.
- We plan to organize 5 technical meetings (one of them was a week ago)
- Increase the number of young members. I think people who finish university and start a career.

What do you think about the changing
the name of the chapter **Czechoslovakia**

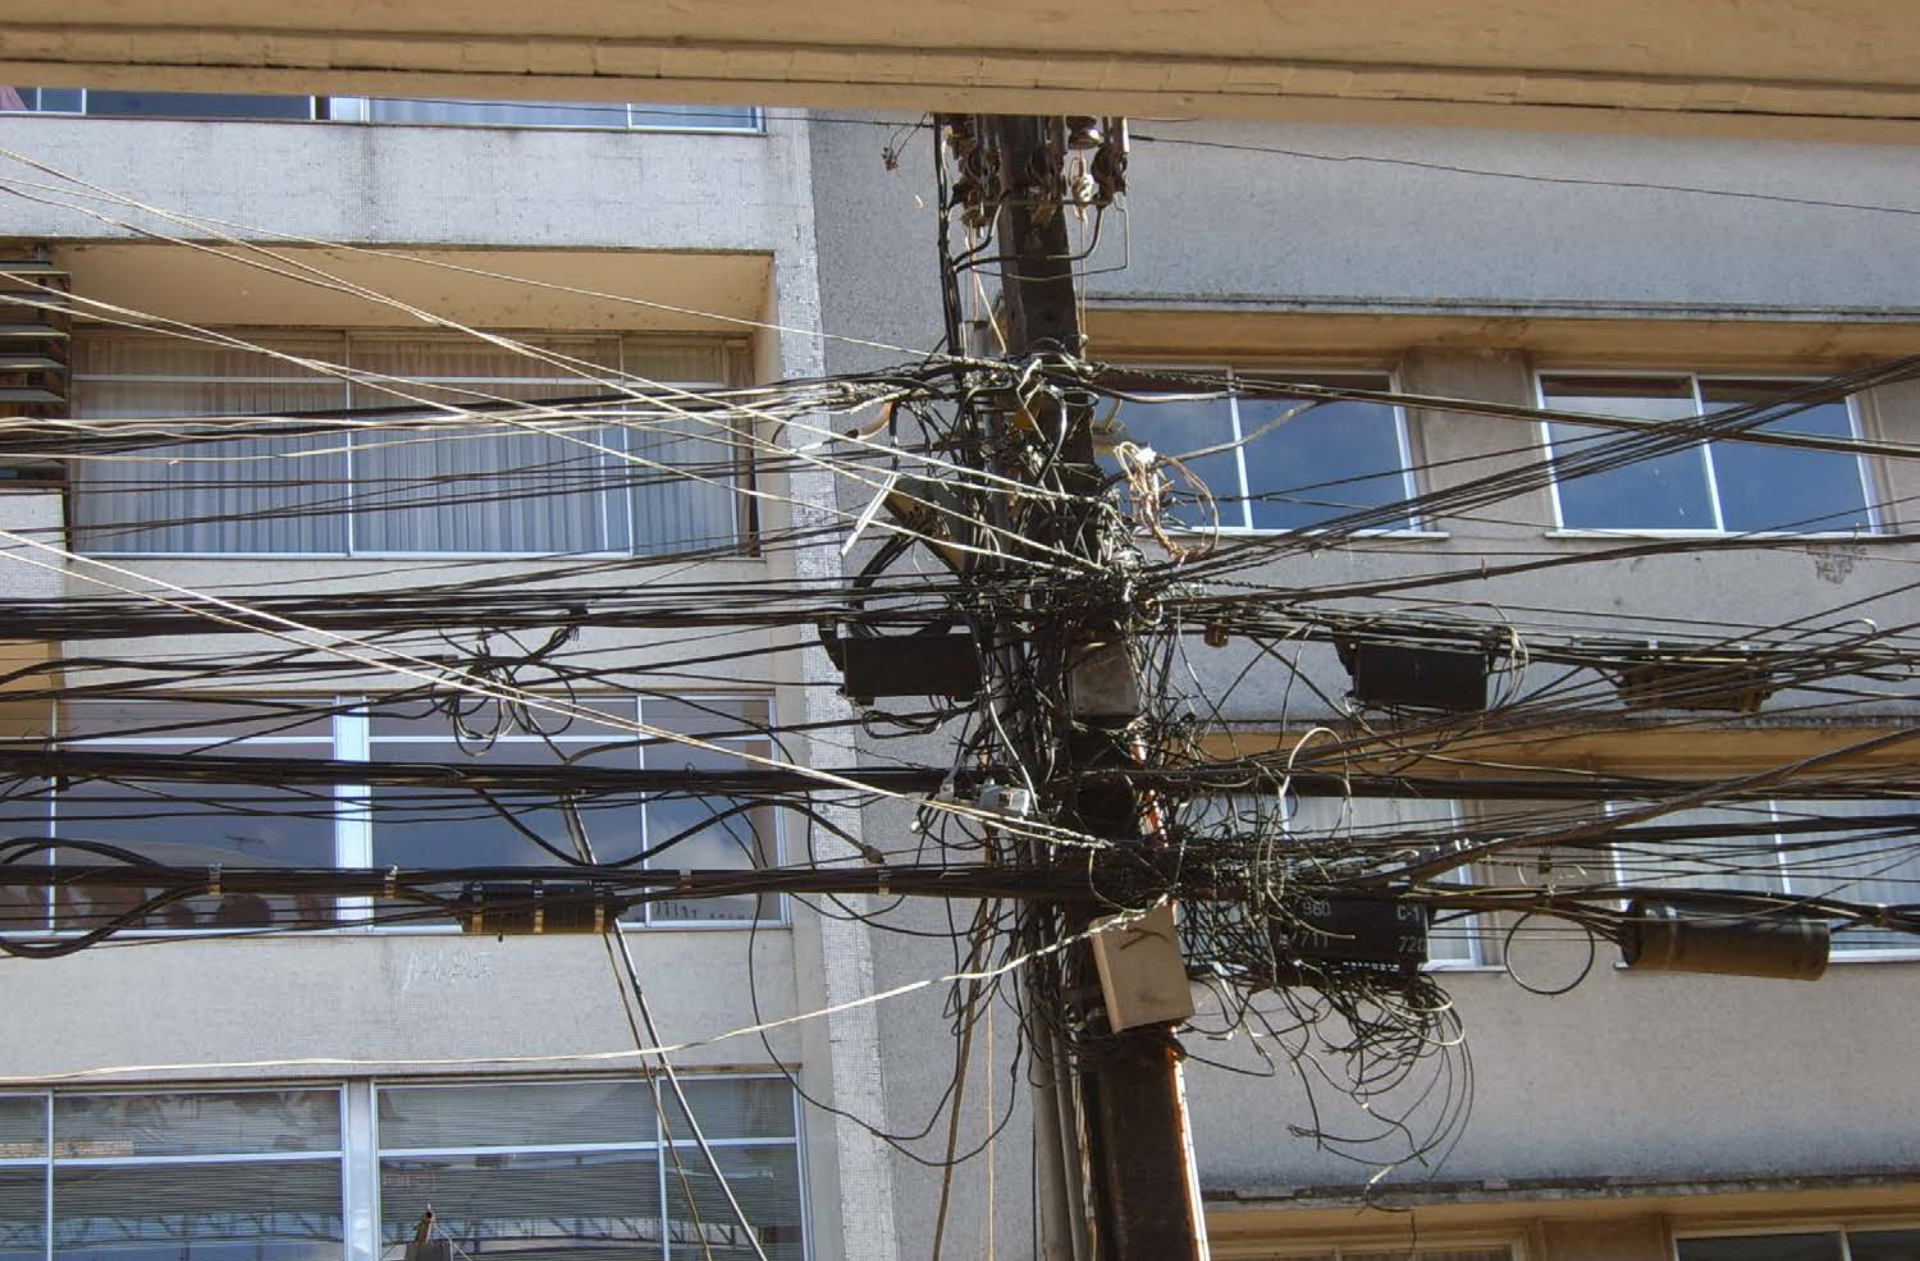

to

Czech Republic & Slovakia chapter?

At the end of the presentation I would like to prove that telecommunications is:

- very complex,
- modern,
- ecological.

Complicated communications

Modern communications

Ecological communications

That's all !

Thank you !
